

Year 6 Summer 2: How is climate change affecting the world?

Significant Individuals

Main enquiry questions

The challenge of changing patterns of weather contributing to longer climate change trends across the globe will undoubtedly be one of the greatest issues that will confront pupils in primary school today during the remainder of the century. This enquiry provides pupils with an insight into how changing patterns of weather at different locations around the world are impacting on the lives of real people with whom they can relate.

Sir David Attenborough— Patron of the World Land Trust, which buys rainforest and other lands to preserve them and the animals that live there.

Elon Musk— The entrepreneur is co-founder of Tesla and other companies and is a proponent of sustainability applied to the business world.

Why is Elhaji cleaning shoes on the streets of Banjul? Why can't Olivia afford to insure her home?
 Why are people living in Starcross making flood plans?
 Why do Lars and Sofie disagree about how nice the weather is?
 Why are people all over the world noticing that the weather they're used to is changing?
 What have the countries of the world agreed on to protect the environment?

Key Concepts

Weather, climate, desert, natural resources, economic activity, government, sustainability, energy, hazard, coast, location, scale, distribution, interdependence, processes, change, interaction, diversity

English Texts

This term in English we will be studying the following texts: **The Three Little Pigs Guardian Advert**. We will be creating persuasive letters. We will also be reading **The Promise** by Nicola Davies. We will be writing a poetic narrative.

Maths learning

This term in Maths we will be studying:

This term in Maths we will be focusing on Problem Solving activities, including longer projects and games.

Geographical	Science	PE	Music	RE	Computing	PSHE
Climate Change	Living things and their habitats.	Athletics	Learning and performing songs for the school production	How does faith help people when life gets hard?	Sensing Movement	Safety and the changing body
