## A MESSAGE FROM THE HEAD PUPILS

### ANTI-BULLYING

WE HAVE HAD A REAL SAY IN HOW WE ARE TACKLING BULLYING IN OUR SCHOOL. THROUGH OUR HEAD PUPIL MEETINGS WE HAVE PUT TOGETHER A SYSTEM TO PREVENT BULLYING AND HELP PEOPLE TALK ABOUT IT. WE HAVE INTRODUCED 'SPEAK OUT' BOXES IN CLASSES. WE PREFER THIS TO A WORRY BOX BECAUSE WORRY BOXES SOUND LIKE YOU SHOULD HAVE A WORRY. WE FEEL PEOPLE MIGHT WORRY ABOUT THE WORRY BOX SO WE HAVE DECIDED A SPEAK OUT BOX IS BETTER. A SPEAK OUT BOX IS ANONYMOUS AND YOU CAN EITHER ASK TO SPEAK TO SOMEONE IN YOUR MESSAGE OR JUST SEND YOUR WORRIES AWAY. WE FELT IT LINKS TO OUR SCHOOL IDEA OF BEING AN UPSTANDER AND STANDING UP FOR WHAT WE BELIEVE IN RATHER THAN A BYSTANDER WHO JUST LETS THINGS HAPPEN.

WE ARE ALSO APPOINTING AND HELPING ANTI-BULLYING AMBASSADORS IN EACH CLASS THAT GIVE PEOPLE A CHILD TO TALK TO AT BREAK TIMES IF THEY NEED HELP. WE ARE PLANNING AN ASSEMBLY TO INTRODUCE THEM TO ALL THE CHILDREN AND DISCUSS WHAT THEY ARE FOR.

## EXMOOR CHALLENGE

WE WALKED 16 AND A HALF MILES (16.9 TO BE EXACT FROM LEO) OVER EXMOOR. IT WAS REALLY HARD AND CHALLENGING BUT ALSO A LOT OF FUN. WE LEARNT LOTS OF LIFE SKILLS (AND GOT FREE CHOCOLATE) AND ARE ABLE TO NAVIGATE ON OUR OWN. WE GOT MEDALS AND PUSHED THROUGH BY WORKING AS A TEAM. WE ALLS FINISHED WITH A SMILE ON OUR FACE. IT HAS TO BE TEAMS OF FOUR AND WE HELPED OTHER S ALONG THE WAY INCLUDING JOINING ANOTHER TEAM AS SOMEONE HAD SOME DIFFICULTIES WITH THEIR BREATHING AS THEY HAD ASTHMA — THEY WERE OK AND GOT TAKEN HOME.

# THANK YOU!

MR POPE LET US KNOW THAT THE COMMUNITY CAFE HAVE DONATED HALF THE COST OF THE ART MURAL WE WILL BE HAVING ON THE SCHOOL ENTRYWAY AT THE END OF ART WEEK. WE ARE REALLY GRATEFUL!

# SPRING ACHIEVEMENTS

## PRE-SCHOOL

WE COULDN'T CHOOSE WE ARE TOO PROUD OF ALL THEM - THEY HAVE BEEN DOING AMAZING PHONICS AND ALPHABET CHANTS.

## RECEPTION

FREYA HAS WORKED REALLY HARD ON WRITING AND PRODUCED SOME EXCELLENT SENTENCES.

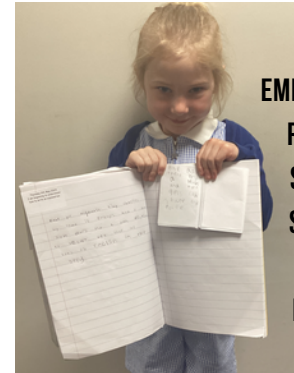

## PUPILS AROUND THE SCHOOL

ACHIEVE SOMETHING EVERYDAY BUT NO ONE KNOWS ABOUT IT, SO HAVING A SECTION ON THE THINGS THEY ACHIEVE MIGHT MAKE THEM FEEL MORE PROUD OF IT AND ALSO MIGHT MAKE OTHERS INSPIRED TO TRY HARDER.

LAST TERM MANY PUPILS ACHIEVED SOMETHING THAT THEY AND THEIR TEACHERS ARE PROUD OF. THEY HAVE GIVEN US SOME INFORMATION ABOUT WHAT IT IS THAT THEY ARE PROUD OF AND WHY IT IS GOOD. WE HAVE TAKEN SOME PICTURES OF THEM AND THEIR WORK.

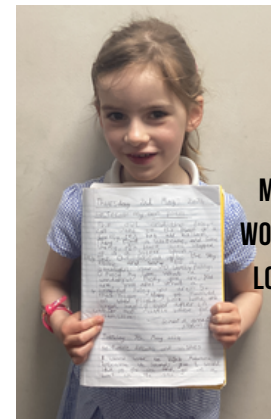

## YEAR 1

EMBLYN HAS WORKED REALLY HARD TO STRUCTURE HER SENTENCES AND EXCELLENT PRESENTATION.

## YEAR 2

MATILDA CREATED A WONDERFUL POEM WITH LOTS OF INTERESTING LANGUAGE IN IT.

## EGYPTIANS IN YEAR 3

### WHAT WAS IT LIKE WHEN THE EGYPTIAN PERSON CAME IN?

IN THE MORNING WE WENT DOWN TO THE HALL TO LEARN HOW THEY GOT TO THEIR LAND AND SET UP CAMP.

THE DONKEYS HELPED CARRY HEAVY WORK LOADS AND JUST TRANSPORT ITEMS AROUND THE SUNNY DESERT LAND. IN THE MIDDLE OF THE DAY WE DID LOTS OF ACTIVITIES AND SAW A DISPLAY ON THE POTS AND JARS THEY USED TO PUT ORGANS OF MUMMIES IN. WE LEARNT ABOUT A LOT OF GODS AND WHAT THEIR RESPONSIBILITIES ARE. IN THE AFTERNOON WE DID MUMMIFICATION AND DIPPED BANDAGES IN SOME PRETEND BLOOD AND WRAPPED ONE OF OUR CLASSMATES IN IT. WE DID PRETEND SALT BATHS AND WE COVERED PEOPLE IN PRETEND BUCKETS OF WATER.

WE LEARNT LOTS OF FACTS AND STORIES ABOUT DIFFERENT ANCIENT EGYPT TALES.

**FUN FACTS WE LEARNT!!!!**

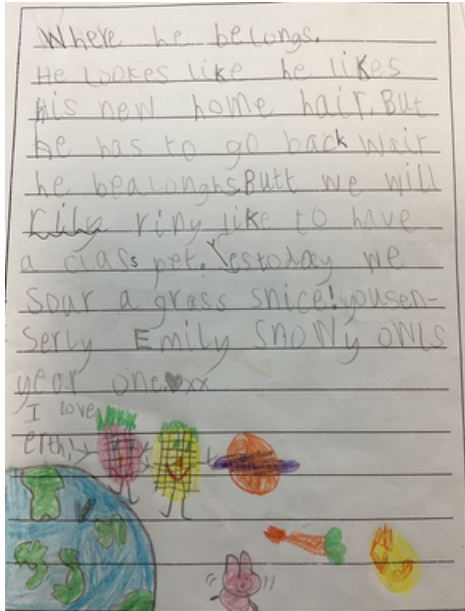

THE MOST FAMOUS TOMB IS TUTANKHAMUN.

A WATER BOY FOUND A TOMB AND TOLD MANY MANY PEOPLE ABOUT THE DISCOVERY. YOU HAVE TO SHAKE THE RATTLE AND THAT SUMMONS THE GODS.

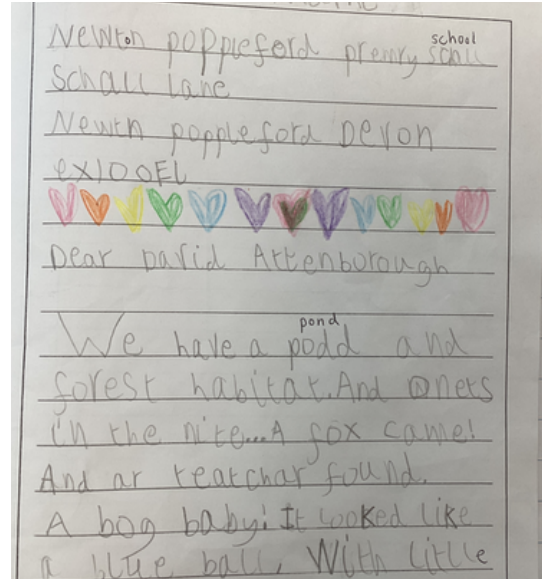

THE INFORMATION WAS SOURCED BY MYLA AND SEBBY!!!!

Charles Darwin

Charles Darwin was a very famous person that discovered a theory of evolution and passed it right. Charles Darwin was born in 12/27/1809, Downey. When he turned 22 he went on a 5 year voyage around the world collecting samples of animals and plants. He also saw that the soil became better when they left it have camoos. One day when he was in the galapagos islands he realised that birds were different when they were on different islands.

After he thought for some time he came up with a theory called survival of the fittest. This means that if you have good traits then you will have good traits. If you had bad traits and died before you could pass them on your children wouldn't be able to have with bad traits. So this means that good traits are passed on so they adapt.

## YEAR 5

21/3/2024 Year 5 Evolution and Inheritance lesson 5

**LO: To identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.**

W.S. Children use scientific diagrams and labels to explain abstract concepts.  
 S.E. I can draw valid conclusions when sorting and classifying.

**Penguins**

Penguins are warm blooded so they can live in very cold climates. They huddle together to keep warm combining their body heat to stay warm.

Penguins evolved so they had enough fat to survive and stay warm so they don't freeze.

Penguins eat krill, squids and fish they are carnivores so they only eat meat and seafood.

Penguins are called a raft if they are in a group in the water but on land they are known as a waddle. Penguins may not be able to fly but they have evolved to fly underwater.

## YEAR 6

## YEAR 6

**A VERY LUCKY ESCAPE**

As I was pulling up my blackout curtains, I had a shuddering gut feeling that something was going to happen. As I stepped up the narrow carpeted stairs, that were creaking with every step, I entered my cold, damp bedroom and sat on my bed. Upon my bed sat one lovely picture frame. It had a photograph of my father. He was sitting in the front row.

Suddenly, the air got colder, the picture started shaking and the hairs on my neck stood on end. As quiet as a ghost, the elegant wooden frame flew off the wall and shattered into a million pieces. Without a single blink or extra thought, I grabbed the blue graph paper and tucked it neatly into my pocket. I heard glass shattering above me. In a flash, the air was seven stories thick. My child immediately started breathing for my sake.

As I peered through the cold, foggy glass of the window, I saw bombs being dropped in the distance. The overwhelming sounds suddenly glommed back inside my head. I grabbed my daughter and raced down the stairs that were narrow and steep. I was lucky. I had a picture frame. The window was already shattered and the glass was covered in dust. Without a moment to spare, I talked to the thin cracked back door. It was locked. I reached without a key to get out, I must have been, never going to be able to leave. In desperation, I checked every nook and cranny, every pot, every jar, every drawer and every cupboard. It was cold and truly hidden. I was done. I grabbed some clothes that I could've happened out. I gratefully looked for something to hide the table. I remembered underneath it probably.

## When I was in France

When I was in France...

I played football with my cousin's team,  
They were really kind and I was very keen.

When I was in France...

I ordered two baguettes,  
I practised my French and didn't forget.

When I was in France...

I went to the school,  
I read out in class and it was really cool.

When I was in France...

I spent time with my family,  
We had a great time and left happily.

## SPOOK MINT

Our story takes place at a farm. Not in the Antarctic and not in the depths of the Amazon Forest. Our story starts at Cowbelle Farm, in a small cabin perched on the edge of a towering cliff face. Here lives a tiny cat called Spook Mint. He has jet-black fur, bright green eyes and a wispy set of whiskers. Now Spook wasn't your ordinary cat. He didn't like being indoors, never liked being petted or even groomed. He liked being in the wild, exploring every inch of it as he could. Sometimes the ignorant farm animals would make fun of the adventurous cat, but they did not know how amazing it was to explore the open.

One early spring morning, when the flowers were fresh, the air had a slight nip to it and the grass was damp from the night, Spook set off on his next mission. Across the flowing river he went. Passing

nearby fields. Suddenly, he heard a strange rustling coming from behind him. Pondering about what could've met him along the way, he strolled onwards. As the day went on, the rustling carried on. Every few paces, he jolted around convinced he had heard something louder than the time before. Whilst trotting happily through the long, leary woods, he eventually whipped around to finally see movement in a bush. Would Spook be brave enough to move closer?

Tense, he crept closer, only to find a thin, bony tail laid flat against the moss-covered ground. It was Wilbur. Spook's best friend. The small greyhound leaped joyfully out of the bush and knocked him off his paws. He nearly licked his whiskers off! "I'm so glad!" Wilbur yapped, "Now we can go on adventures together!" The two best friends walked together briskly through the damp forest laughing, towards their first adventure together.

The End

## Canine Heroes

The canine heroes were having lunch, suddenly they heard the crime alert there's a problem in Canada said their robot Butsparker you ready for a proper mission said wolgie you said the rest of the team as quick as possible they got in the jet 409 and flew to Canada with some slings when they got there there was a storm they started walking in the forest, she had to fly back they walked a little further suddenly the ground started to shake and crack they fell into a deep deep hole. Percy turned her torch on and right in front of them was a dog they went in when they went in Deefa heard a hisssssss just then they fell up and found a new place. Chapter 2 when this warning said "cheba then a snake beast jumped from the tree and grabbed cheba and slithered off into a dark cave. Buddy said no, go and save him so we did we followed the snake beast into his cave we walked quite far in the cave and in the corner was cheba and four snake beasts guarding. Wolgie asked: if Deefa could have a bit of material to look like cheba and so Deefa walked out of the rocks. Then the snake beasts chased her and wolgie saved cheba while Percy and Buddy fought the beasts and then they all started fighting the beasts then Deefa the snake beasts. Unfortunately the king of the snake beasts lurked out of the shadows and started fighting after a long battle Deefa cut his head off and wolgie got his walky talky and called camer to get us she came in our jet off we went zipping home.

### A TRIP WITH THE ALIENS!

Once upon a time a 14 year old girl called Jordine was having a surprise in her back garden. However just as she was about to see the first sign of it her head went into a very yellow glow above her and she was placed up in the air. At first she thought it was a dream but when she opened her eyes she was not in her room. She was in a very strange place. It was a very bright yellow and she felt like she was floating. She kept floating until it became a very bright orange and she

### Wild Riding

New Zealand, 1975

#### Chapter one

"Ahorangi, hurry up and help me with dressing Tipene" my mother called to me. "Fine," I groaned back, and trudged off after my six-year-old brother who was running around with his PJs still on. But before I start my story, let me introduce myself. My name is Ahorangi and I live here in New Zealand. My culture is Maori, and I love singing. I am nine years old, and I love all creatures, especially horses. When I had finally put some clothes on that VERY annoying kid who happens to be related to me, I told my mum, "I'll take Summer and Sparrow out for a walk in the bush." "Ok, and be careful." Mum answered, looking at my older sister Ngaoi who was picking berries. I herded Sparrow and Summer out of the door and said "kio ora" sunshine! Then read the two dogs to the bush. Suddenly Summer barked loudly. Then Sparrow did to. "What is it girls? why have you stopped?" I said, confused. Sparrow barked loudly. "Shhh, calm down." I soothed and stroked them quietly. Slowly I walked forward and the dogs reluctantly followed. As we came further into the bush, the dogs went slower and slower until they stopped altogether. Suddenly I heard a whinnying noise and a herd of mustang horses came galloping towards us. Luckily the horses stopped when they saw us but I was still shaken. Then a beautiful brown mare with a white blaze and a black mane and tail stepped toward me and whinnied. I put out my hand to her and then stroked her. Her coat felt silky and soft to the touch. Suddenly Sparrow darted forward and barked loudly. The horses stampeded away, whinnying and galloping at the same time. But the one that had touched me stayed and let me touch her one last time before joining the others.

\*kio ora means good morning in Maori

#### Chapter two

"Phoenix, hurry up and race me!" That was my younger brother, Flame, whinnying and being annoying as usual. "No, Flame, because I know that I'm going to be in front of you, and you'll trip me up while I'm galloping." I trotted off, joining my mother eating apples. Suddenly, the leader of our herd whinnied, "Horses, we will move to the east of the bush!" Every horse went silent then all of us galloped toward the east. Suddenly the herd stopped. "Human child!" neighed one of the horses at the front. Before I knew it, I had stepped forward. The human child had long black hair and dark skin with hazel eyes. The girl held out her hand to me and I sniffed it then the girl stroked me. "My name is Ahorangi" the girl whispered in my ear. Suddenly one of the girl's dogs barked and my herd stopped off. I let the girl give me one last stroke before I galloped off as well.

#### Chapter three

I walked back home, mesmerised and I nearly fell over. When I got home mum was smiling and laughing. "Ahorangi! We're moving! Me, you, Tipene, your father and Ngaoi!" My face turned pale. "When?" I asked shakily. "Tomorrow!" she answered, "where are we going?" I asked. "To England!" she said. "For how long?" "For three years!", "So pack your bags!" exclaimed mother excitedly. I raced upstairs to pack my bags. Tipene, who I
